- Concealed wall installation
- Manual push-button operation
- Round chrome control plate
- Compact valve body
- Threaded G1 connection

FINISH VARIANTS 02

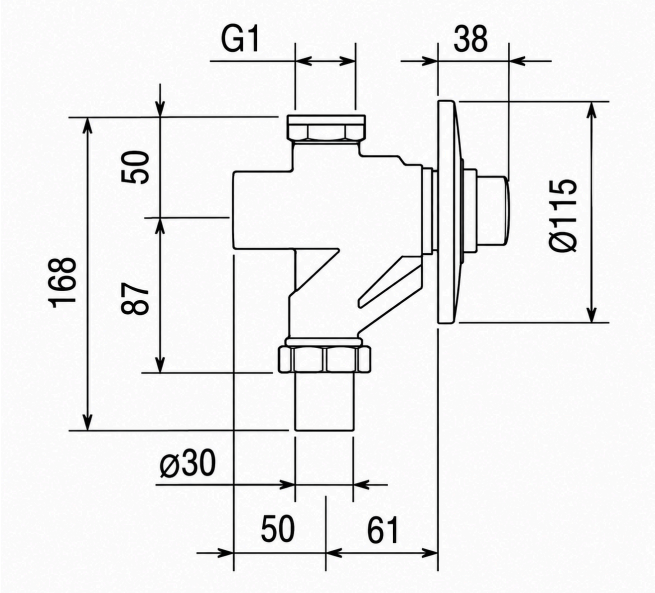

Chrome	TVW-0001-CP

PRODUCT DESCRIPTION

The Concealed Flush Valve for Toilet is designed for discreet wall installation, combining a compact internal valve body with a clean circular chrome control plate. Its concealed configuration keeps the installation visually minimal while the prominent push control provides straightforward manual operation. The compact construction and threaded connection arrangement make it suitable for integrated sanitary installations where a clean and unobtrusive finish is required.

DIMENSIONAL DRAWING

MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.
