PRODUCT DESCRIPTION

A spacious wall-mounted towel rack defined by a clean, linear architectural character. Its elongated multi-rail structure creates an open arrangement for towels while maintaining a visually light appearance. The tubular construction and rounded rail ends give the piece a smooth, refined silhouette, while the circular wall mounts keep the installation visually discreet. Its balanced proportions make it well suited to contemporary bathrooms where practical storage and understated design are equally important.

DIMENSIONAL DRAWING

MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.
