- Contemporary square spa design with clean architectural lines
- Combination of dedicated seating and lounge positions
- Acrylic shell construction
- PU-insulated shell construction
- Extensive hydrotherapy massage system
- Air massage system with integrated air blower
- Underwater and exterior LED illumination
- Integrated filtration and ozone generation

FINISH VARIANTS 02

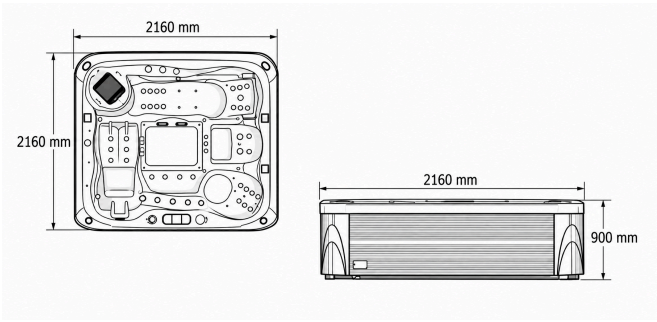

Pearl Grey	JJA-0001

PRODUCT DESCRIPTION

The JJA-0001 is a contemporary spa designed with a substantial square profile, clean architectural lines and an integrated illuminated side panel. Its acrylic shell combines a refined appearance with a durable spa-oriented construction, while the contrasting LED lighting adds a modern visual presence, particularly in evening settings. The generous interior layout combines dedicated seating and lounge positions with an extensive hydrotherapy arrangement, air massage and integrated lighting. Built-in speakers and the illuminated exterior reinforce its premium leisure-oriented character, while the aluminium support frame and PU insulation contribute to a solid, purpose-built construction.

DIMENSIONAL DRAWING

MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.
