PRODUCT DESCRIPTION

A distinctive three-hole wall-mounted basin mixer combining a refined architectural silhouette with a bold cross-handle design. The elongated cylindrical spout projects cleanly from the wall and finishes with a gentle downward angle, while the two cross handles create a balanced and recognisable three-piece composition. Circular wall plates and cylindrical bodies give the fitting a precise, structured appearance, while the brushed gold finish adds warmth and a sophisticated decorative character. Its clean geometry makes it particularly suited to contemporary and luxury bathroom interiors.

DIMENSIONAL DRAWING
MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.

TECHNICAL DATA
03

Spout reach	200 mm
