PRODUCT DESCRIPTION

A refined wall-mounted basin mixer combining crisp rectangular planes with softly rounded transitions. The broad, architectural spout projects cleanly from the wall escutcheon, while the cylindrical control assembly introduces a contrasting rounded element. Its polished Chrome finish emphasizes the sharp geometry, reflective surfaces and precise detailing. The balanced composition gives the mixer a distinctly contemporary character suited to minimalist and architectural bathroom interiors.

DIMENSIONAL DRAWING
MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.

TECHNICAL DATA
03

Overall width	190 mm
