PRODUCT DESCRIPTION

A compact wall-mounted bath mixer with a clean contemporary character. Its cylindrical central body is paired with a slim horizontal lever and a broad, gently sculpted bath spout, creating a balanced and streamlined silhouette. The polished chrome finish emphasizes the smooth reflective surfaces and precise geometric transitions, while the circular wall escutcheons give the installation a neat architectural appearance. The integrated lower connection keeps the overall composition visually clean and functional.

DIMENSIONAL DRAWING
MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.

TECHNICAL DATA
03

Overall length	162 mm
