PRODUCT DESCRIPTION

A contemporary exposed shower mixer set defined by a clean horizontal body, softened rectangular geometry and polished chrome surfaces. The broad mixer profile is balanced by a compact cylindrical control and a coordinated round hand shower, creating a cohesive and refined visual language. Chrome emphasizes the precise architectural character of the set while the exposed configuration keeps the installation visually clear and accessible. The combination is suited to modern bathrooms where a restrained, coordinated shower aesthetic is desired.

DIMENSIONAL DRAWING

MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.
