PRODUCT DESCRIPTION

A contemporary wall-mounted bath mixer defined by a bold geometric silhouette and crisp architectural proportions. The broad rectangular body is softened by subtly rounded edges, while the elevated single lever and integrated cylindrical control create a balanced composition. Its polished chrome finish enhances the clean surfaces and reflective character, giving the mixer a refined, modern presence. The integrated bath spout and lower connection are incorporated into the compact body to maintain a streamlined and cohesive appearance suited to contemporary bathrooms.

DIMENSIONAL DRAWING

MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.

TECHNICAL DATA

03

Overall length	183 mm
Body projection	165 mm
Spout length	105 mm
