PRODUCT DESCRIPTION

A contemporary freestanding bathtub mixer designed as a strong architectural element for modern bathroom interiors. Its tall, slender silhouette combines a sculpted vertical column with a clean horizontal bath spout and an integrated rectangular hand shower. The polished chrome finish enhances the refined geometry and reflective character of the mixer, while the minimalist proportions create a sophisticated focal point beside the bathtub. The overall design balances functional versatility with a clean, premium aesthetic suited to contemporary and luxury bathroom environments.

DIMENSIONAL DRAWING
MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.
