PRODUCT DESCRIPTION

The Concealed Shower Mixer 2F combines a clean wall-mounted appearance with integrated shower control and a ceramic diverter. Designed for concealed installation, it keeps the main plumbing components behind the wall while presenting a streamlined chrome control plate at the surface. The coordinated mixer and diverter arrangement provides practical control for a modern shower installation.

DIMENSIONAL DRAWING
MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.
