PRODUCT DESCRIPTION

The Concealed Shower Mixer combines a clean wall-mounted installation with a compact rectangular control plate and a streamlined single lever. Its concealed configuration keeps the plumbing components hidden behind the wall, creating a neat and minimal appearance in the shower area. The chrome finish and softly rounded control plate give the mixer a contemporary look suited to modern bathroom interiors.

DIMENSIONAL DRAWING

MM

All dimensions are shown in millimetres unless otherwise stated. Site conditions, cut-out, trap system and mixer clearance should be verified before installation.
